PROTECH® 4048
Material Handling Pallets

Heavy-duty reusable HDPE pallets for all types of transportation and storage applications

The advantages:

- High-density polyethylene structural foam that resists mold, bacteria and insect infestation
- 40" x 48" footprint meets strict tolerances to work with automated packaging systems
- One-piece molded flow-through design that minimizes trapped water and cross-contamination
- Easily cleaned and sanitized between uses
- Will not splinter, rot, rust or crease

Options

- Intermittent perimeter lip
- Rubber grommets
- Your company logo molded into or hot-stamped onto pallet
- Your choice of blue, black or gray
- FM Approved decaBDE free fire retardant pallets in stock

FM APPROVED

Built for years of performance

- Four-way forklift and pallet jack entry
- More robust rib construction inside and out
- Dramatically thicker leg design for better impact protection
- Larger tapered forklift pockets
- Superior strength-to-weight ratio
- Inventory program for fast delivery
